Career Orientation

Ever since I was young visuals appealed to me and I love simple, stylish, interactive interfaces. This is true till day as I love tweaking things on the UI. Mobile applications also trigger my curiosity as mobile apps are created for numerous purposes and is widely depended upon in many sectors like social, health, education, and banking. This career plan of mine started from university as it has provided me the opportunity of exploring the different aspects of application development. I am interested and curios for creative arts and design and mobile apps.

To reach my goal point I am improving my skill and knowledge continuously. For this I am seeking a job position where I can get a good guidance and work environment so I can grow upon my career path.

Practices

- Library management system was made in Python platform.
- Basic SQL Queries was learnt for MySQL and Oracle.
- Basic Networking activity was practiced using Cisco packet tracer.
- Calorie Counter Mobile Application was developed using Android Studio.
- AI Chatbot was created in Python language and libraries.
- Portfolio website was made in HTML & CSS.
- Website for product was made using XML for the structure & CSS for designing the site.
- Laptop listing information system was created where binary search and merge sorting were implemented using Java.
- Restaurant Review System was developed in C# and Visual Studio.
- Detailed Research on Cyber Law & Ethics (Written Report on 'Theranos'.)

Soft Skills

- Communication
- Time management
- Problem Solving
- Information Technology Application
- Organizational

Technical Skills

- Usage of Software development IDEs such as NetBeans, Android Studio, Visual Studio/Code, Spyder, etc.
- Familiarity with designing tools such as Adobe XD, Adobe Illustrator.
- Trello/Slack for project planning & management.
- Git integration for project backup and seamlessly working in the same project within a team.
- Word & Excel for documenting the software development process.

Experience

07/03/2021 – 14/05/2021

Internship: Frontend Development
ING Group, Kamalpokhari

Completed.

Duration: 3 months.

Certifications

LinkedIn Learning (certificate): Learning Cloud Computing: Core Concepts
LinkedIn Learning (certificate): CSS Essential Training
SCRUM Foundation Professional Certificate: CertiProf®, LLC
